Washington State Garlic Fest “in-person” Cancelled for 2020

It is with heavy hearts that we announce the Washington State Garlic Fest for in person attendance will be cancelled for this year. Scheduled dates were August 28th, 29th, & 30th.

Multiple concerns regarding public safety, mandated government protocols for large gatherings, ability to obtain permits, loss of attendance & revenue have all led to the cancellation of the Garlic Fest for 2020.

“While we are deeply saddened to cancel the in-person event this year, we are working on efforts to help our annual vendors use online tools to highlight and market each one of them, should they be interested” said Washington State Garlic Fest Coordinator Fionna Velazquez. “There are some wonderful online tools to help our Garlic Growers and vendors with online sales. Many of attendees come every year to go to specific vendors for products they love. We hope to aide in helping our guests still find & buy their favorite items.”

If you have questions or concerns please call the fair office or email the Washington State Garlic Fest Coordinator.

Washington State Garlic Fest 2021 August 27th, 28th & 29th.
